

VALLEY CEMETERY RULES AND REGULATIONS

The Cemetery Board has a set of rules that help maintain the integrity of this cemetery. These regulations are in place to help solve any problem that may occur, also to keep the visitors and employees safe. If you are not willing to follow these rules, then feel free to go elsewhere.

You may have shepherd's hooks on your plot by the top of the headstone, which the flowers will not be removed from them unless you do so yourself. Flowers that are on the ground will be removed within a considerable time, due to mowing, no exceptions. Taking care of the headstones are the plot owners responsibility. We have a formula for cleaning your

headstone you can get the formula from the sexton, or use a cleaner of your choice.

All headstones must be flat, there are no exceptions. All headstones must be 300 lbs. or less as of 2013. Anything over that weight will have additional cost. There is a fee of \$75.00 for the cementing of the stone. Cementing of the stone is done by the sexton, there are no exceptions. Stones that come to the cemetery after September 15, will be done the following spring, due to the water being shut on September 15. The sexton does the headstones so they are all done the same way.

All flowers must be removed 10 days after Memorial day. If you don't make it within the 10 days, they are put in sacks, where they are kept in the shop for 7 days, you are welcome

to come and go through the bags to find your flowers, if not the flowers will be disposed of. The sexton is not responsible for looking after your flowers during the span through Memorial Day.

Usually the funeral homes make the arrangements for the services, but on occasion cremations are handled privately at a later date, you may make arrangements with the sexton or one of the 3 board members. A notice of 2 days would be greatly appreciated.

**There is pride in how the cemetery looks and would
appreciate continuing to do so.**

**The gate is also closed from September to March due to the
elk. You can still go in but close the gate when you leave.**

Thank you,
