Subject: FERC-D2SI-Security Branch Webinar

Security Contacts and/or Licensees,

Please consider joining our October 29th Webinar. We will discuss the *Annual Security Compliance Certification*, review findings from the Physical Security Inspections and Cyber Security Audits conducted in 2025, among other related topics. FERC's Intelligence Coordination Division will share information related to the cyber intrusions occurring at dams located in Poland and Norway this year. Registration information can be found on the FERC calendar, here: [Fall 2025 FERC-D2SI Security Program for Hydropower Projects Webinar | Federal Energy Regulatory Commission](#).

Thank you.
Justin

Justin F. Smith, P.E.
